Photo Series for Quantifying Natural Forest Residues: Southern Cascades, Northern Sierra Nevada

Kenneth S. Blonski **John L. Schramel**

The Authors:

KENNETH S. BLONSKI is fuels management officer at the Almanor Ranger District, Lassen National Forest. He holds a bachelor's degree in social studies (Chico State University, 1969) and master's degrees in criminology (University of California, Berkeley, 1971) and forestry (Colorado State University, 1977). He joined the Forest Service in 1969.

JOHN L. SCHRAMEL was fuels management technician with the Almanor Ranger District when this photo series was prepared. He holds a bachelor of science degree in history (University of San Francisco, 1958) and master's degrees in history (University of Nevada, Reno, 1967) and forestry (Colorado State University, 1977). He has worked with the Ranger District and Forest Staff, Plumas National Forest for 13 seasons.

Acknowledgments:

This publication is the result of a cooperative effort between the Almanor Ranger District of the Lassen National Forest, Pacific Southwest Region (R-5), and the Pacific Northwest and Pacific Southwest Forest and Range Experiment Stations, Forest Service, U.S. Department of Agriculture. Advisory, field, and clerical personnel of the Almanor Ranger District participating were Mike Condon, Lucie Gray, Greg Holquist, Joy Jackman, Beth Judd, Doris Madigan, Neil Markowitz, John Swanson, and Titia Tanaka. The advice and encouragement of Frank Ward and Wayne Maxwell of Pacific Northwest Station are greatly appreciated.
