^{1/} Sales offered for the fiscal year being displayed. Offer data comes from the Periodic Timber Sale Accomplishment Report. FY 2001 offered volume does not include FY 2000 carryover of 341.5 MMBF and 67.9 MMCF per congressional direction.

^{2/} Includes sales offered in prior fiscal years and sold in the fiscal year being displayed, and miscellaneous small sales that were previously offered and/or sold and were reoffered and sold in the fiscal year being displayed. Does not include the volume of long-term sales released for harvesting.

^{3/} Includes the volume harvested on long-term sales. Harvest data comes from the cut and sold report.

^{4/} MMBF = million board feet. Offered and sold volumes will not be equal since some sales were not sold (awarded) in the same fiscal year in which they were offered. Some sales did not receive any bids or were withdrawn. Sold data comes from the cut and sold report.

^{5/} MMCF = million cubic feet. Sum in each column may not equal total due to rounding.
