**QUALITY ASSURANCE SURVEILLANCE PLAN  
FOR  
CUSTODIAL SERVICES  
INTRODUCTION**

This Quality Assurance Surveillance Plan (QASP) has been developed to evaluate contractor actions while implementing this SOW. It is designed to provide an effective surveillance method of monitoring contractor performance for each listed objective on the Service Delivery Summary (SDS) in the maintenance contract.

The QASP provides a systematic method to evaluate the services the contractor is required to furnish.

This QASP is based on the premise the government desires to maintain a quality standard in the custodial functions needed for their facilities and that a janitorial service contract to provide these services is the best means of achieving that objective.

The contractor, and not the government, is responsible for management and quality control actions to meet the terms of the contract. The role of the government is quality assurance to ensure contract standards are achieved.

In this contract the quality control program is the driver for product quality. The contractor is required to develop a comprehensive program of inspections and monitoring actions. The first major step to ensuring a “self-correcting” contract is to ensure that the quality control program approved at the beginning of the contract provides the measures needed to lead the contractor to success.

Once the quality control program is approved, careful application of the process and standards presented in the remainder of this document will ensure a high quality assurance program.

Random sampling of inspection reports by COR.

**SURVEILLANCE:** The government quality assurance (QA) person will receive complaints from station personnel and pass them to the contractor's quality control inspector (QCI) for correction.

**STANDARD:** 95% of all facilities are without customer complaints for the month or service period. For example, the QA should receive no more than 5 customer complaints during the service period. The QA shall notify the contracting officer for appropriate action in accordance with FAR 52.212.4, Contract Terms and Conditions-Commercial Items or the appropriate Inspection of Services clause, if any of the above service areas exceed five customer complaints.

**PROCEDURES:** Any station employee that observes unacceptable services, either incomplete or not performed, for any of the above performance objectives should immediately contact the QA and the QA will complete appropriate documentation to record the complaint. The QA will consider the customer complaint valid upon receipt from the customer. The QA should inform the customer of the approximate time the unacceptable performance will be corrected and advise the customer to contact the QA if not corrected. The QA will consider customer complaints as resolved unless notified otherwise by the customer. The QA shall verbally notify the Contractor's Quality Control Inspector (QCI) to pick up the written customer complaint. The QCI will be given two hours after verbal notification to correct the unacceptable performance. If the QCI disagrees with the complaint after investigation of the site and challenges the validity of the complaint, the QCI will notify the QA. The QA will conduct an investigation to determine the validity of the complaint. If the QA determines the complaint as invalid, he will document the written complaint of the findings and notify the customer. The QA will retain the annotated copy of the written complaint for his/her files. If after investigation the QA determines the complaint as valid, the QA will inform the QCI and the QCI will be given an additional hour to correct the defect. A defect will not be recorded if proper and timely correction of the unacceptable condition(s) is accomplished. The QCI shall return the written customer complaint document, properly completed with actions taken, to the QA, who will file the complaint for monitoring future recurring performance. Recurring customer complaints are not permitted for any of the above service items. If a repeat customer complaint is received indicating the same deficiency during the service period (month, quarter, etc.), the QA should contact the Contracting Officer for appropriate action.

The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond 11/20/04, until the funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

INSURANCE COVERAGE (AGAR 452.228-71) (NOV 1996) ALT I (NOV 1996)

Pursuant to FAR clause 52.228-5, Insurance--Work on a Government Installation, the Contractor will be required to present evidence to show, as a minimum, the amounts of insurance coverage indicated below:

(a) Workers Compensation and Employer's Liability. The Contractor is required to comply with applicable Federal and State worker's compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit worker's compensation to be written by private carriers.

(b) General Liability

(1) The Contractor shall have bodily injury liability insurance coverage written on a comprehensive form of policy of at least \$500,000 per occurrence.

(2) The Contractor shall be required to have property damage liability insurance in the amount of \$500,000 per occurrence.

(c) Automobile Liability. The Contractor shall have automobile liability insurance written on a comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for property damage or loss.

(d) Aircraft Public and Passenger Liability. When aircraft are used in connection with performing the contract, the Contractor shall have aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence or property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

PERIOD OF PERFORMANCE

The period of performance of this contract for the base year is from date of award through the end of the fiscal year, September 30, 2005. Option years will be performed from October 1<sup>st</sup> of that calendar year through September 30<sup>th</sup> of the following year.

CONTRACT PERIOD AND RENEWAL OPTION

The contract period shall extend from date of award through September 30, 2005. However, at the option of the Government, the contract may be renewed for additional one-year periods, not to exceed two renewal periods, at the same terms and conditions. The Government will notify the Contractor of its intent to renew not less than sixty (60) calendar days prior to the expiration of the current contract period.

OPTION TO EXTEND THE TERM OF THE CONTRACT (FAR 52.217-9) (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor before contract expiration; provided that the Government shall give the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed September 30, 2007.

PAYMENT

(a) Payment will be made monthly at the contract price per month. Contract price and payment shall be full compensation for all contract work.

(b) Quality adjustments shall be made when work has not been performed according to contract and the Contractor did not or could not correct the situation. An example of work that could not be corrected is failure to perform work that is required on a daily basis, such as cleaning bathrooms or emptying trash cans. The adjustment will be determined by totalling work not performed during the payment period and comparing it to the total work scheduled to be performed. If this comparison results in greater than 10% of the work not performed, an equal adjustment will be made.

**SECTION E**  
**SOLICITATION PROVISIONS**

**E- 1 - INSTRUCTIONS TO OFFERORS-COMMERCIAL ITEMS (FAR 52.212-1)  
(JAN 2004) DEVIATION**

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show-

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the

offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS+4" followed by the DUNS or DUNS+4 number that identifies the

An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number.

(k) *Central Contractor Registration*. Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. ## **E- 2 - EVALUATION - COMMERCIAL ITEMS (FAR 52.212-2) (JAN 1999)**

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

(1) Experience and Record of Past Performance - experience of the firm in similar kinds of work and geographical areas, and performance record for previous work;

(2) Personnel - experience, technical competence and recruiting and retention security/training of persons assigned to supervise and perform the services;

(3) Technical Approach - adequacy of approach and quality control procedures;

(4) Price.

Technical approach, past experience and performance and personnel, when combined, are of equal importance as price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
