

TRAILS
SUPERSTITION WILDERNESS

There is a network of some 170 miles of “system” trails serving the Superstition Wilderness Area and contiguous areas. Their condition varies from satisfactory to very poor. All trails are closed to motor vehicles and mechanical transport such as bikes.

Use a great deal of caution when traveling on backcountry trails such as this one and be aware of the risks you assume.

A few brief comments are in order about the following trail:

Tule Canyon Trail 122: 4.5 miles in length. This trail provides access into the northeastern portion of Wilderness. Much of the trail is steep and rocky, but views are excellent. Elevation: 2,800 - 4,800 feet. Termini: **Tule TH** (Forest Road 449), and Trail 119.

No more than 15 people are allowed to be in a group. No more than 15 head of livestock are allowed in a group.
