|  Dry Mesic Pine/Oak |  Wet Sedge Meadow |
|  Mesic Northern Hardwoods |  Water |
|  Boreal Hardwood Conifer | |

The Forest Service uses the most current and complete data available. Geographical Information System (GIS) data and product accuracy may vary from map to map. Data and maps may be developed from sources of differing accuracy, accurate only at certain scales, based on modeling or interpretation, other than those for which they were created, may yield inaccurate or misleading results. The Forest Service reserves the right to correct, update, modify, or replace GIS products without notification. The Forest Service will not be liable for any activity involving this information. This map shows all ownerships within the National Forest boundary. However, management direction would only apply to lands managed by the Forest Service.
