Dear Interested Party,

Recently you received the Nubble Vegetation Management Project EA for review and comment. Enclosed please find an errata sheet for that EA. **The following are editorial corrections only and do not affect the analysis contained in the Nubble EA.**

- Changes to EA Tables 3 and 4 (pp. 8 and 9 respectively) are for stand acres only. Treatment acres are accurate and, therefore, correctly measure effects.
- Changes in EA Table 13 (p. 29) also reflect corrections to stand acres, but also has a typographical error in acres of Thinning for Alternative 3 (166 should read 106). This figure is correct elsewhere in the document.
- Appendix C, Table 4, now displays treatment acres by stand and alternative for clarification.
- Other corrections include table/figure references and titles.

I hope this errata sheet helps to clarify your understanding of the Nubble Vegetation Management Project EA.

Sincerely,

/s/ John J. Serfass
JOHN J. SERFASS
District Ranger
